ANNUAL INDEX

AUTHORS

Abbas PJ, suppl 185:6
 Abou El-Hamid KA, 306
 Adamopoulos G, 676
 Adams LA, 863
 Adelman RA, 128
 Agbulut O, 216
 Ahmadi J, 227
 Akagi H, 683
 Akita M, 628, 1055
 Aksoy FG, 859
 Aktan B, 549
 Albers FWJ, 311
 Ali TS, 177
 Alipour F, 77
 Allen J, 1069
 Almadori G, 787
 Alzamil KS, 30
 Amatsu M, 497
 Ameriso S, 227
 Anand VK, 812, 988
 Andrada T, 646
 Annino DJ, 123
 Aoki K, 1028
 Aquino B, 568
 Arima S, 484
 Armstrong WB, 1087
 Armush W, 1040
 Arnold JE, 779
 Ashton P, 422
 Assimakopoulos DA, 871
 Atshushi H, 958
 Au DKK, 381
 August M, 522
 Austin E, 249
 Avital A, 687
 Aviv JE, suppl 184:25; 1000
 Axon PR, 590
 Azar T, 779

Baatenburg de Jong RJ, 741
 Babin E, 849
 Bachmann G, 1099
 Balaban C, 467, 542
 Balkany TJ, suppl 185:18, 36, 53, 121
 Baloh RW, 377
 Bamba H, 133
 Barker MJ, suppl 185:75
 Barnes JM, suppl 185:86
 Barral A, 89
 Barry DT, 972
 Batchelor BM, 832
 Battmer RD, suppl 185:16, 58
 Bauman NM, suppl 184:18; 1150
 Baumgartner W-D, suppl 185:20
 Beadle EAR, suppl 185:111
 Beal NM, 749
 Beatty CW, 710
 Becker GD, 863
 Ben-David J, 679
 Benjamin B, 829
 Bergler W, 839

SUBJECTS

Accident

- Prevention of accidental childhood strangulation. A clinical study, 797

Acetazolamide

- Effects of intralaryngeal carbon dioxide and acetazolamide on laryngeal chemoreflex, 921

- Actinomycosis
Actinomycosis imitating nasopharyngeal carcinoma, 605
- Adductor spasmodic dysphonia
Perceptual characteristics of adductor spasmodic dysphonia, 741
- Adenoid
Nasopharyngeal tonsil's provision of surface secretions with immunocytes, property additional to antigen processing, 99
Stimulation of adenoidal lymphocytes by *Alloiococcus otitidis*, 958
- Adenoma
Hyalinizing trabecular adenoma of thyroid diagnosed by fine-needle aspiration biopsy, 235
- Adhesion
Postintubation interarytenoid adhesion, 736
- Adipose tissue
Liposarcoma of tongue: case report and literature update, 683
Rare benign tumors: laryngeal and hypopharyngeal lipomata, 301
- Aging
Age- and gender-related collagen distribution in human vocal folds, 913
Changes in epidermal growth factor receptors in olfactory epithelium associated with aging, 95
- Airway
Airway burns and atelectasis in adolescent following aspiration of molten wax, 687
Airway flow dynamics and voice acoustics after autologous fascia augmentation of paralyzed vocal fold, 563
Critical evaluation of neurolaryngological disorders, 832
Multidisciplinary airway stent team: comprehensive approach and protocol for tracheobronchial stent treatment, 889
Perioperative airway complications following pharyngeal flap palatoplasty, 808
Site of airway collapse in obstructive sleep apnea after uvulopalatopharyngoplasty, 581
- Allergy
Time course of changes in absorption of macromolecule through nasal mucosa after antigen challenge in guinea pig model of allergic rhinitis, 1120
- Anesthesia
Spontaneous respiration anesthesia for respiratory papillomatosis, 72
- Aneurysm
Congenital internal carotid artery aneurysm with absence of petrous portion of contralateral internal carotid artery, 1167
Internal carotid artery aneurysm presenting as large pharyngeal mass, 690
Massive epistaxis after rupture of intracavernous carotid artery aneurysm. Case report, 776
- Angiogenesis inhibitor
Combination of angiogenesis inhibitor TNP-470 with cytotoxic drugs in experimental therapy of nasopharyngeal carcinoma, 641
- Angiography
Vertigo: analysis by magnetic resonance imaging and angiography, 239
- Anosmia
Olfactory mucosal findings in patients with persistent anosmia after endoscopic sinus surgery, 720
- Anoxia
Effect of 7-nitroindazole upon cochlear dysfunction induced by transient local anoxia, 715
- Anterior glottal commissure
Curative radiotherapy for anterior commissure laryngeal carcinoma, 156
Endolaryngeal microsurgery at anterior glottal commissure: controversies and observations, 385
- Antibiotic
Controversies in medical management of persistent and recurrent acute otitis media. Recommendations of clinical advisory committee, suppl 183
Medical management of acute bacterial sinusitis. Clinical advisory committee on pediatric and adult sinusitis, suppl 182
Resistant bacteria in middle ear fluid at time of tympanotomy tube surgery, 24
- Argon plasma coagulation
Argon plasma coagulation for inferior turbinate reduction, 839
- Artery
Aneurysm of aberrant right subclavian artery presenting as dysphagia lusoria, 231
Basilar artery and vertigo, 615
Congenital internal carotid artery aneurysm with absence of petrous portion of contralateral internal carotid artery, 1167
Sinusitis and carotid artery stroke, 227
Unique case of pulsatile tinnitus, 1103
- Arthritis
Rheumatoid arthritis of temporomandibular joint with herniation into external auditory canal, 177
- Artifact
Artifactual thickening of sinus walls on computed tomography: phantom model and clinical study, 859
- Artificial intelligence
Production of diagnostic rules from neurologic database with decision trees, 170
- Arytenoid cartilage
Arytenoid adduction: controlling vertical position, 360
Postintubation interarytenoid adhesion, 736
Ultrastructure of vocal process of arytenoid cartilage, 650
- Aspiration
Encounters with challenging bronchial foreign bodies: impromptu adaptation of technique, 86
Laryngeal diversion and tracheotracheal speech fistula for chronic aspiration, 602
- Atelectasis
Airway burns and atelectasis in adolescent following aspiration of molten wax, 687
- Atrial natriuretic peptide
Distribution and location of immunoreactive atrial natriuretic peptides in middle ear mucosa of guinea pig, 258
- Auditory brain stem implant
Experimental study following inactive implantation of auditory brain stem implant in nonhuman primates, 163
- Autoimmune inner ear disease
Experimental autoimmune inner ear disease: electrocochleographic and histophysiologic study, 457
Proto-oncogene Raf-1 as autoantigen in Meniere's disease, 1093
Use of methotrexate for autoimmune hearing loss, 710

- Azithromycin**
Irreversible sensorineural hearing loss as result of azithromycin ototoxicity. Case report, 435
- Bacteria**
Resistant bacteria in middle ear fluid at time of tympanotomy tube surgery, 24
- Basement membrane zone**
Influence of phonation on basement membrane zone recovery after phonosurgery: canine model, 658
- Basilar artery**
Basilar artery and vertigo, 615
- Benign positional vertigo**
Migraine and benign positional vertigo, 377
- Benign vocal fold lesion**
Glottal area waveform analysis of benign vocal fold lesions before and after surgery, 441
- Beta-stimulant**
Effect of beta-stimulant on inner ear stria vascularis, 628
- Bilateral vocal fold lesions**
Acoustic, aerodynamic, and videostroboscopic features of bilateral vocal fold lesions, 823
- Blastomycosis**
Laryngeal blastomycosis: commonly missed diagnosis. Report of two cases and review of literature, 281
- Blood flow**
Sensitivity of endocochlear potential level to cochlear blood flow during hypoventilation, 945
- Bone**
Estimation of volume referent bone turnover in otic capsule after sequential point labeling, 33
Osteomyelitis of skull base with atypical onset and evolution, 326
Pediatric mandibular aneurysmal bone cyst, 106
Pediatric temporal bone fractures, 98
- Book Reviews**
Ars BMPJ, ed. *Pathogenesis in Cholesteatoma*, 1092
Filipo R, Barbara M, eds. *Acoustic Neuroma: Trends and Controversies*, 1092
Harrison D. *Felix Semon 1849-1921. A Victorian Laryngologist*, 1092

Silver CE, Rubin JS. *Atlas of Head and Neck Surgery*, 526
- Botulinum toxin**
Botulinum toxin injections for essential voice tremor, 204
Effects of botulinum toxin on pathophysiology in spasmodic dysphonia, 194
Outcomes assessment following treatment of spasmodic dysphonia with botulinum toxin, 819
- Brain stem**
Experimental study following inactive implantation of auditory brain stem implant in nonhuman primates, 163
- Branchial cyst**
Fourth branchial cyst presenting with neonatal respiratory distress, 431
- Bronchoscopy**
Encounters with challenging bronchial foreign bodies: impromptu adaptation of technique, 86
Evaluating laryngotracheal stenosis in canine model with virtual bronchoscopy, 906
Foreign body in trachea, 1007
- Burkitt's lymphoma**
Burkitt's lymphoma: historical background and recent insights into classification and pathogenesis, 693
- Burn**
Airway burns and atelectasis in adolescent following aspiration of molten wax, 687
- Calibration**
Quantitative endoscopy: initial accuracy measurements, 128
- Camurati-Engelmann disease**
Cochlear implantation for auditory rehabilitation in Camurati-Engelmann disease, 160
- Carbon monoxide**
Involvement of carbon monoxide in innervation of canine cervical esophagus and trachea, 133
- Carcinoma**
Actinomycosis imitating nasopharyngeal carcinoma, 605
Carcinoma of hypopharynx and cervical esophagus in young adults, 590
CD34⁺ immune suppressive cells in peripheral blood of patients with head and neck cancer, 749
Clinical evaluation of staging system for nasopharyngeal carcinoma: comparison of fourth and fifth editions of UICC TNM classification, 1125
Curative radiotherapy for anterior commissure laryngeal carcinoma, 156
Human papillomavirus and risk of laryngeal cancer, 1069
Scleroma of larynx and associated squamous cell carcinoma: causal relationship? 306
Timing of swallowing events after single-modality treatment of head and neck carcinomas with radiotherapy, 767
Vertical partial laryngectomy versus supracricoid partial laryngectomy for selected carcinomas of true vocal cord classified as T2N0, 965
- Caregiver**
Effect on families and caregivers of caring for child with laryngomalacia, 348
- Carotid artery aneurysm**
Massive epistaxis after rupture of intracavernous carotid artery aneurysm. Case report, 776
Paracloidal internal carotid artery aneurysm presenting as massive epistaxis, 782
- Cartilage**
Cartilage generation using alginate-encapsulated autogenous chondrocytes in rabbits, 1157
In vitro ear cartilage shaping with carbon dioxide laser. Experimental study, 1162
Update on use of auricular cartilage in laryngotracheal reconstruction, 343
- Cat-scratch disease**
Cat-scratch disease of parotid gland: often-misdiagnosed entity, 679
- Cell**
CD34⁺ immune suppressive cells in peripheral blood of patients with head and neck cancer, 749

- Dendritic cells in selected head and neck tumors, 56
Giant cell tumor of larynx, 63
Secretory cell differentiation and mucus secretion in cultures of human nasal epithelial cells: use of monoclonal antibody to study human nasal mucin, 271
Secretory differentiation of serially passaged normal human nasal epithelial cells by retinoic acid: expression of mucin and lysozyme, 594
- Cerebrospinal fluid
Clinical experience with beta-trace protein as marker for cerebrospinal fluid, 1099
- Cervical sympathetic chain
Schwannoma of cervical sympathetic chain, Virginia experience, 48
- Chemocauterization
Pyiform sinus fistula: management with chemocauterization of internal opening, 452
- Chemodeneration
Chemodeneration of rat hemilarynx with phenol, 355
- Chemomyectomy
Doxorubicin chemomyectomy: effects on evoked vocal fold tension and mucosal wave, 294
- Chemoreflex
Effects of intralaryngeal carbon dioxide and acetazolamide on laryngeal chemoreflex, 921
- Cholesteatoma
Retrograde mastoidectomy with canal wall reconstruction: single-stage technique for cholesteatoma removal, 1033
Surgical planning of treatment of cholesteatoma and postoperative follow-up, 372
- Chorda tympani
Morphological and functional study of regenerated chorda tympani nerves in humans, 703
- Chordoma
Chordoma of cervical spine, 438
- Chromosomes
Patterns of chromosomal aberrations in metastasizing and nonmetastasizing squamous cell carcinomas of oropharynx and hypopharynx, 401
- Cilia
Mucociliary transport pathway on laryngotracheal tract and stented glottis in guinea pigs, 210
- Cineradiography
Cineradiography of pharyngoesophageal segment in postlaryngectomy patients, 311
- Clarithromycin
Effects of clarithromycin on rheological properties of nasal mucus in patients with chronic sinusitis, 484
- Cleft larynx
Diagnosis and determination of clinical significance of type IA laryngeal clefts by Gelfoam injection, 991
- Cleft palate
Laryngeal histologic findings in infants with palatal defects with or without craniofacial malformations, 1065
Perioperative airway complications following pharyngeal flap palatoplasty, 808
- Clinicopathological Consultation
Burkitt's lymphoma: historical background and recent insights into classification and pathogenesis, 693
Herpes simplex viral laryngitis, 611
Hyalinizing trabecular adenoma of thyroid diagnosed by fine-needle aspiration biopsy, 235
- Paraneoplastic syndromes in patients with laryngeal and hypopharyngeal cancers, 109
- Pathological features of lymphoid proliferations of salivary glands: lymphoepithelial sialadenitis versus low-grade B-cell lymphoma of MALT type, 1170
- Clofazimine
Laryngeal sarcoidosis: treatment with antileprosy drug clofazimine, 1146
- Cochlea
Assessment of stapes mobility by use of newly developed piezoelectric ceramic device. Preliminary experiment in dogs, 473
Cochlear implantation for auditory rehabilitation in Camurati-Engelmann disease, 160
Effect of 7-nitroindazole upon cochlear dysfunction induced by transient local anoxia, 715
Harvesting human hair cells, 9
Optimized speech understanding with continuous interleaved sampling speech coding strategy in patients with cochlear implants: effect of variations in stimulation rate and number of channels, 1009
Seventh Symposium on Cochlear Implants in Children, suppl 185
- Collagen
Age- and gender-related collagen distribution in human vocal folds, 913
Immunohistochemical localization of collagen types I, III, and IV, laminin, fibronectin, and keratin in endolymphatic sac, 180
Microsurgery of sulcus vergeture with carbon dioxide laser and injectable collagen, 141
- Congenital malformation
Congenital defects of vomer, 497
Laryngeal histologic findings in infants with palatal defects with or without craniofacial malformations, 1065
Pediatric lymphangiomas of head and neck, 411
- Conley, John J (Memorial), 1
- Cricotracheal resection
Recurrent laryngeal nerve monitoring during cricotracheal resection, 654
- Cyst
Fourth branchial cyst presenting with neonatal respiratory distress, 431
Morphology of human thyroglossal tract: histologic and macroscopic study in infants and children, 1135
Pediatric mandibular aneurysmal bone cyst, 106
- Cytokine
Human uvula: characterization of resident leukocytes and local cytokine production, 488
- Cytotoxic drug
Combination of angiogenesis inhibitor TNP-470 with cytotoxic drugs in experimental therapy of nasopharyngeal carcinoma, 641
- Dacryocystorhinostomy
Endoscopic revision surgery for recurrent epiphora occurring after external dacryocystorhinostomy, 425
- Decision tree
Production of diagnostic rules from neurotologic database with decision trees, 170
- Defect
Management of large Mohs defects, 863

- Dehydration
 - Effects of dehydration on phonation in excised canine larynges, 568
- Dendritic cell
 - Dendritic cells in selected head and neck tumors, 56
- Development
 - Age-related development of arrangement of connective tissue fibers in lamina propria of human vocal fold, 1055
 - Length of eustachian tube and its postnatal development: computer-aided three-dimensional reconstruction and measurement study, 542
 - Morphology of human thyroglossal tract: histologic and macroscopic study in infants and children, 1135
 - Myosin heavy chain expression in human laryngeal muscle fibers. Biochemical study, 216
- Diagnosis
 - Production of diagnostic rules from neurotologic database with decision trees, 170
- Diathermy
 - Inferior turbinectomy versus submucosal diathermy for inferior turbinate hypertrophy, 1040
- Dilational tracheostomy
 - Dilatational versus standard tracheostomy: a meta-analysis, 803
 - Experience with percutaneous dilational tracheostomy, 791
- Dissection
 - Objective comparison of shoulder dysfunction after three neck dissection techniques, 761
- Diversion
 - Laryngeal diversion and tracheotracheal speech fistula for chronic aspiration, 602
- Diverticulum
 - Killian-Jamieson diverticulum: case report and review of literature, 1087
- Doxorubicin
 - Doxorubicin chemomyectomy: effects on evoked vocal fold tension and mucosal wave, 294
- Dysphagia
 - Aneurysm of aberrant right subclavian artery presenting as dysphagia lusoria, 231
 - Dysphagia after radiotherapy: endoscopic examination of swallowing in patients with nasopharyngeal carcinoma, 320
 - Laryngopharyngeal sensory deficits in patients with laryngopharyngeal reflux and dysphagia, 1000
- Electrocochleography
 - Experimental autoimmune inner ear disease: electrocochleographic and histophysiological study, 457
- Endocochlear potential
 - Sensitivity of endocochlear potential level to cochlear blood flow during hypoventilation, 945
- Endolymphatic sac
 - Immunohistochemical localization of collagen types I, III, and IV, laminin, fibronectin, and keratin in endolymphatic sac, 180
- Endoscopy
 - Craniofacial ballpoint pen injury: endoscopic management, 119
 - Functional endoscopic sinus surgery in children and adults, 1113
 - Pediatric fiberoptic endoscopic evaluation of swallowing, 996
 - Pediatric laryngopharyngeal sensory testing during flexible endoscopic evaluation of swallowing: feasible and correlative, 899
- Endotoxin
 - Role of neutrophil elastase in endotoxin-induced mucus hypersecretion in rat nasal epithelium, 1049
- Epidermal growth factor receptor
 - Changes in epidermal growth factor receptors in olfactory epithelium associated with aging, 95
- Epidural administration
 - Cervical versus thoracic epidural morphine for treatment of head and neck cancer pain, 676
- Epiglottis
 - Epiglottic hypoplasia associated with lacrimo-auriculo-dental-digital syndrome, 779
 - Laser partial epiglottidectomy as treatment for obstructive sleep apnea and laryngomalacia, 1140
- Epiphora
 - Endoscopic revision surgery for recurrent epiphora occurring after external dacryocystorhinostomy, 425
- Epistaxis
 - Massive epistaxis after rupture of intracavernous carotid artery aneurysm. Case report, 776
 - Paraclinoid internal carotid artery aneurysm presenting as massive epistaxis, 782
- Epithelium
 - Secretory differentiation of serially passaged normal human nasal epithelial cells by retinoic acid: expression of mucin and lysozyme, 594
 - Time course of changes in absorption of macromolecule through nasal mucosa after antigen challenge in guinea pig model of allergic rhinitis, 1120
 - Ultrastructural changes in platelet activating factor-induced epithelial damage in rabbit maxillary sinus mucosa, 726
- Epworth Sleepiness Scale
 - Lack of predictive value of Epworth Sleepiness Scale in patients after uvulopalatopharyngoplasty, 646
- Esophagus
 - Carcinoma of hypopharynx and cervical esophagus in young adults, 590
- Essential voice tremor
 - Botulinum toxin injections for essential voice tremor, 204
- Eustachian tube
 - Length of eustachian tube and its postnatal development: computer-aided three-dimensional reconstruction and measurement study, 542
 - Mastoid pneumatization of patulous eustachian tube, 1028
- Face

- Reflux**
Ambulatory pH monitoring methodology, suppl 184:10
Application of ambulatory 24-hour multiprobe pH monitoring in presence of extraesophageal manifestations of gastroesophageal reflux, suppl 184:15
Endoscopic evaluation of swallowing as alternative to 24-hour pH monitoring for diagnosis of extraesophageal reflux, suppl 184:25
24-Hour ambulatory pH monitoring for patients with suspected extraesophageal complications of gastroesophageal reflux: indications and interpretations, suppl 184
Laryngopharyngeal sensory deficits in patients with laryngopharyngeal reflux and dysphagia, 1000
Role of esophageal pH recording in management of chronic laryngitis: overview, suppl 184:4
Value of pH probe testing in pediatric patients with extraesophageal manifestations of gastroesophageal reflux disease: retrospective review, suppl 184:18
- Regeneration**
Morphological and functional study of regenerated chorda tympani nerves in humans, 703
- Reinnervation**
Laryngeal adductory pressure as measure of post-reinnervation synkinesis, 447
- Remodeling**
Estimation of volume referent bone turnover in otic capsule after sequential point labeling, 33
- Respiratory distress**
Fourth branchial cyst presenting with neonatal respiratory distress, 431
- Respiratory papillomatosis**
Spontaneous respiration anesthesia for respiratory papillomatosis, 72
- Rheumatoid arthritis**
Rheumatoid arthritis of temporomandibular joint with herniation into external auditory canal, 177
- Round window**
Extraneous round window membranes and plugs: possible effect on intratympanic therapy, 30
- Rupture**
Rupture pressures of membranes in ear, 940
- Salivary gland**
Pathological features of lymphoid proliferations of salivary glands: lymphoepithelial sialadenitis versus low-grade B-cell lymphoma of MALT type, 1170
- Sarcoidosis**
Laryngeal sarcoidosis: treatment with antileprosy drug clofazimine, 1146
- Scarpa's ganglion**
Normative Scarpa's ganglion cell data, suppl 181:14
- Schwannoma**
Postoperative headache after surgery for vestibular schwannoma, 853
Schwannoma of cervical sympathetic chain. Virginia experience, 48
- Scleroma**
Scleroma of larynx and associated squamous cell carcinoma: causal relationship? 306
- Sensorineural hearing loss**
Irreversible sensorineural hearing loss as result of azithromycin ototoxicity. Case report, 435
- Sensory deficit**
Laryngopharyngeal sensory deficits in patients with laryngopharyngeal reflux and dysphagia, 1000
- Seventh Symposium on Cochlear Implants in Children**
Assessing cochlear implant benefit in very young children, 42
Borderline pediatric cochlear implant candidates: preoperative and postoperative results, 36
Brain activities of prelingually and postlingually deafened children using cochlear implants, 12
Changes in stimulation levels over time in Nucleus 22 cochlear implant users, 53
Cochlear implantation in Jervell and Lange-Nielsen syndrome, 27
Cochlear implants in infants and toddlers, 46
Community involvement in cochlear implantation: development of cochlear implant community council, 86
Comparison of children's familiarity with tokens on PBK, LNT, and MLNT, 63
Comparison of language ability in children with cochlear implants placed in oral and total communication educational settings, 121
Deaf cultural identity of adolescents with and without cochlear implants, 87
Early experience with Cochlear ESPrit ear-level speech processor in children, 73
Effects of communication mode on skills of long-term cochlear implant users, 89
Electrically evoked compound action potentials recorded from subjects who use Nucleus CI24M device, 6
Establishing new criteria in selecting children for cochlear implants: performance of "platinum" hearing aid users, 30
Factors associated with speech intelligibility in children with cochlear implants, 28
Initial results of neural response telemetry recording of electrical compound action potentials from United Kingdom, 9
Interpolation with Nucleus 22 cochlear implant, 84
Introduction, 5
Language development in children following one year of Clarion implant use, 94
Language development in children with profound and prelingual hearing loss, without cochlear implants, 99
Long-term results of cochlear implants in children with residual hearing, 33
Mastoiditis and acute otitis media in children with cochlear implants: recommendations for medical management, 25
Modeling phoneme and open-set word recognition by cochlear implant users: preliminary report, 68
New Clarion electrode with positioner: insertion studies, 16
New directions in speech processing: patient performance with simultaneous analog stimulation, 70
Novel intracochlear electrode positioner: effects on electrode position, 18
Parental perceptions of impact upon family of cochlear implantation in children, 111

- Pediatric audiologists' views on cochlear implantation, 116
- Predicting speech perception benefit from loudness growth measures and other map characteristics of Nucleus 22 implant, 56
- Preoperative predictors of postoperative implant performance in children, 44

- Scleroma of larynx and associated squamous cell carcinoma: causal relationship? 306

- Staging**
Clinical evaluation of staging system for nasopharyngeal carcinoma: comparison of fourth and fifth editions of UICC TNM classification, 1125
- Stapes**
Assessment of stapes mobility by use of newly developed piezoelectric ceramic device. Preliminary experiment in dogs, 473
- Stenosis**
Evaluating laryngotracheal stenosis in canine model with virtual bronchoscopy, 906
Laryngeal stenosis after supracricoid partial laryngectomy, 1077
Slow-release 5-fluorouracil and triamcinolone reduces subglottic stenosis in rabbit model, 422
- Stent**
Mucociliary transport pathway on laryngotracheal tract and stented glottis in guinea pigs, 210
Multidisciplinary airway stent team: comprehensive approach and protocol for tracheobronchial stent treatment, 889
- Strangulation**
Prevention of accidental childhood strangulation. A clinical study, 797
- Stress**
Function of hearing aid under stressful conditions, 929
- Stria vascularis**
Effect of beta-stimulant on inner ear stria vascularis, 628
- Stroke**
Sinusitis and carotid artery stroke, 227
- Stylomastoid foramen**
Facial nerve: vascular-related anatomy at stylomastoid foramen, 849
- Subglottic pressure**
Estimated subglottic pressure in normal and dysphonic subjects, 500
- Substance P**
Response of cricothyroid and thyroarytenoid muscles to stereotactic injection of substance P into region of nucleus tractus solitarius in developing dogs, 1150
- Sudden sensorineural hearing loss**
Idiopathic sudden sensorineural hearing loss: temporal bone histopathologic study, 527
- Sulcus vergeture**
Microsurgery of sulcus vergeture with carbon dioxide laser and injectable collagen, 141
- Surgical management**
Surgical management of uncomplicated otitis media in pediatric Medicaid population, 623
- Swallow**
Dysphagia after radiotherapy: endoscopic examination of swallowing in patients with nasopharyngeal carcinoma, 320
Pediatric fiberoptic endoscopic evaluation of swallowing, 996
Pediatric laryngopharyngeal sensory testing during flexible endoscopic evaluation of swallowing: feasible and correlative, 899
Pharyngeal pressure analysis by finite element method during liquid bolus swallow, 585
Scintigraphic monitoring of swallowing rehabilitation after horizontal supraglottic laryngectomy, 787
Timing of swallowing events after single-modality treatment of head and neck carcinomas with radiotherapy, 767
- Syndrome**
Epiglottic hypoplasia associated with lacrimo-auriculo-dental-digital syndrome, 779
Isolated large vestibular aqueduct syndrome in family, 40
Paraneoplastic syndromes in patients with laryngeal and hypopharyngeal cancers, 109
- Synkinesis**
Laryngeal adductory pressure as measure of post-reinnervation synkinesis, 447
Laryngeal synkinesis revisited, 365
- Team approach**
Multidisciplinary airway stent team: comprehensive approach and protocol for tracheobronchial stent treatment, 889
- Temporal bone**
Aminoglycoside ototoxicity, suppl 181:20
Idiopathic sudden sensorineural hearing loss: temporal bone histopathologic study, 527
Meniere's disease, suppl 181:26
Normative Scarpa's ganglion cell data, suppl 181:14
Normative vestibular hair cell data, suppl 181:3
Pediatric temporal bone fractures, 988
- Temporomandibular joint**
Rheumatoid arthritis of temporomandibular joint with herniation into external auditory canal, 177
- Thyroglossal tract**
Morphology of human thyroglossal tract: histologic and macroscopic study in infants and children, 1135
- Thyroplasty**
Midline lateralization thyroplasty for adductor spasmodic dysphonia, 187
- Tinnitus**
Unique case of pulsatile tinnitus, 1103
- TNP-470**
Combination of angiogenesis inhibitor TNP-470 with cytotoxic drugs in experimental therapy of nasopharyngeal carcinoma, 641
- Tongue**
Liposarcoma of tongue: case report and literature update, 683
- Tonsil**
Nasopharyngeal tonsil's provision of surface secretions with immunocytes, property additional to antigen processing, 99
- Trachea**
Acquired tracheoesophageal fistula in critically ill patients, 731
Dilatational versus standard tracheostomy: a meta-analysis, 803
Experience with percutaneous dilatational tracheostomy, 791
Foreign body in trachea, 1007
Involvement of carbon monoxide in innervation of canine cervical esophagus and trachea, 133
Tracheal reconstruction with porous high-density polyethylene tracheal prosthesis, 981
- Transsexualism**
Thyroid cartilage and vocal fold reduction: new phonosurgical method for male-to-female transsexuals, 1082
- Tremor**
Botulinum toxin injections for essential voice tremor, 204
- Triamcinolone**
Slow-release 5-fluorouracil and triamcinolone reduces subglottic stenosis in rabbit model, 422

- Trigeminal trophic syndrome**
Trigeminal trophic syndrome mimicking Wegener's granulomatosis. Case report with review of literature, 331
- Triton tumor**
Malignant triton tumor of ethmoid sinus and nasal cavity, 880
- Tumor**
Rare benign tumors: laryngeal and hypopharyngeal lipomata, 301
Word deafness after resection of pineal body tumor in presence of normal wave latencies of auditory brain stem response, 1107
- Turbinate**
Argon plasma coagulation for inferior turbinate reduction, 839
Comparison of functional endonasal sinus surgery with and without partial middle turbinate resection, 634
Inferior turbinatectomy versus submucosal diathermy for inferior turbinate hypertrophy, 1040
Total inferior turbinatectomy: operative results and technique, 1117
- Tympanic membrane**
Correlation of pure tone audiogram results and hearing benefit of tympanoplasty for chronic suppurative otitis media, 381
Effect of pentoxifylline on healing of guinea pig tympanic membrane, 262
Extraneous round window membranes and plugs: possible effect on intratympanic therapy, 30
Results of tympanoplasty in children after 15 to 27 years, 17
- Ultrastructure**
Ultrastructure of vocal process of arytenoid cartilage, 650
- Uvula**
Human uvula: characterization of resident leukocytes and local cytokine production, 488
Lack of predictive value of Epworth Sleepiness Scale in patients after uvulopalatopharyngoplasty, 646
Site of airway collapse in obstructive sleep apnea after uvulopalatopharyngoplasty, 581
- Ventilation tubes**
Surgical planning of treatment of cholesteatoma and postoperative follow-up, 372
- Venturi jet ventilation**
Pneumomediastinum due to Venturi jet ventilation used during microlaryngeal surgery in previously neck-irradiated patient, 519
- Vertigo**
Basilar artery and vertigo, 615
Migraine and benign positional vertigo, 377
Vertigo: analysis by magnetic resonance imaging and angiography, 239
- Vestibular system**
Aminoglycoside ototoxicity, suppl 181:20
Harvesting human hair cells, 9
Isolated large vestibular aqueduct syndrome in family, 40
Meniere's disease, suppl 181:26
Normative Scarpa's ganglion cell data, suppl 181:14
Normative vestibular hair cell data, suppl 181:3
- Videoendoscopy**
Videoendoscopic laryngeal surgery, 149
- Virtual bronchoscopy**
Evaluating laryngotracheal stenosis in canine model with virtual bronchoscopy, 906
- Virus**
Effect of adenovirus type 1 and influenza A virus on *Streptococcus pneumoniae* nasopharyngeal colonization and otitis media in chinchilla, 1021
Herpes simplex viral laryngitis, 611
Human papillomavirus and risk of laryngeal cancer, 1069
- Vocal fold**
Age- and gender-related collagen distribution in human vocal folds, 913
Age-related development of arrangement of connective tissue fibers in lamina propria of human vocal fold, 1055
Biomechanical and histologic observations of vocal fold fibrous proteins, 77
Comparative histology of maculae flavae of vocal folds, 136
Glottal area waveform analysis of benign vocal fold lesions before and after surgery, 441
Histopathologic study of alternative substances for vocal fold medialization, 221
Morphometric and histochemical study of human vocal muscle, 67
Three-dimensional anatomic characterization of canine laryngeal abductor and adductor musculature, 505
Videoendoscopic laryngeal surgery, 149
- Vocal process**
Arytenoid adduction: controlling vertical position, 360
Ultrastructure of vocal process of arytenoid cartilage, 650
- Voice**
Acoustic, aerodynamic, and videostroboscopic features of bilateral vocal fold lesions, 823
Airway flow dynamics and voice acoustics after autologous fascia augmentation of paralyzed vocal fold, 563
Effects of dehydration on phonation in excised canine larynges, 568
Estimated subglottic pressure in normal and dysphonic subjects, 500
Influence of phonation on basement membrane zone recovery after phonomicrosurgery: canine model, 658
Perceptual characteristics of adductor spasmodic dysphonia, 741
Thyroid cartilage and vocal fold reduction: new phonosurgical method for male-to-female transsexuals, 1082
Voice Notes: comprehensive guide to clinical diagnosis and treatment of laryngeal pathology, 887
- Vomer**
Congenital defects of vomer, 497
- Wegener's granulomatosis**
Trigeminal trophic syndrome mimicking Wegener's granulomatosis. Case report with review of literature, 331
- Window partial laryngectomy**
Preliminary clinical results of window partial laryngectomy: combined endoscopic and open technique, 123
- Wound healing**
Effect of pentoxifylline on healing of guinea pig tympanic membrane, 262
Management of large Mohs defects, 863
